

New FreiKarte is coming!

You will now receive the new “FreiKarte” in the post.

This is a gift from the state of Bremen for children and young people with first residence in Bremen or Bremerhaven – please be sure to keep it!

The card contains 60 euros for the year 2024.
In 2025, another 60 euros will be topped up automatically.

The card must be activated once. For this, a second letter with a security code will be sent at the beginning of June.

After that, children and young people can use the card to pay for admission to selected leisure facilities. These include for instance swimming pools, ice skating and bouldering halls, museums and laser tag arenas.

Further information about the FreiKarte at www.freikarte.bremen.de or in the new FreiKarte app!
